

Remote Desktop Web Connection Offers The Following Benefits:

- ❑ **Simple, straightforward deployment of a Terminal Services Client.** With Remote Desktop Web Connection, deploying a Terminal Services connection can be as easy as sending a URL.
- ❑ **Support for roaming users.** Users who are away from their computers can use Remote Desktop Web Connection to gain secure access to **PharmAssist** from any computer running Windows and Microsoft Internet Explorer 5 or later **at any time**.
- ❑ **A lowest common denominator cross-platform system.** Remote Desktop Web Connection meets the needs of organisations that want identical clients on different platforms.
